

GREEN GOALS CHARTER TEMPLATE

GREEN GOALS CHARTER

Club Name:

As a FAW Together Greener Club, we are committed to taking positive, practical steps to reduce our environmental impact and strengthen the long-term sustainability of our Club and community.

We recognise that sustainability is an ongoing journey. Through our football activities, facilities and wider community engagement, we will play our part in creating a more sustainable future for Welsh football.

In support of this commitment, we will:

- Take action across relevant Together Greener topic areas, including energy, water, waste, biodiversity, travel and infrastructure.
- Assess our current practices and identify realistic opportunities to improve how we use resources and manage our facilities.
- Embed sustainable thinking into our planning and decision-making, ensuring it becomes part of everyday Club activity.
- Work in partnership with members, volunteers, facility providers and the wider community to deliver positive change.
- Ensure our sustainability actions are inclusive and accessible, supporting a welcoming environment for all.
- Communicate our progress and encourage shared ownership of our Together Greener journey.
- Review our actions regularly and build on what we learn over time.
- Support the wider sustainability ambitions of the Football Association of Wales.

We understand that Together Greener is about progress, not perfection, and we are committed to taking action at a pace that works for our Club.

OUR GREEN GOALS

As part of our Together Greener commitment, our Club has agreed to focus on the following Green Goals for the next 12 months:

1

2
