1. Introduction

1.1 Men's Tier 3 Club Licensing Regulations

The Men's Tier 3 Club Licensing Regulations ("Regulations) set out quality standards and procedures by which clubs will be assessed as a basis for entry to FAW Men's Tier 3 competitions, with continuous Ground improvement of many aspects of football.

The Football Association of Wales (FAW) approved the Tier 1 system on the 6th December 2005 and the FAW Council has agreed the same criteria subjects as UEFA Licensing, which made its decision following a consultation with a variety of bodies.

The objective of a uniformed Tier 3 criteria was first published in the FAW's Strategic Plan of 2012. The formation of the new National Game Board in September 2014 became the catalyst for the introduction of these Regulations. Following a series of taskforce meetings and ground audits, the first Tier 3 Regulations were written.

The National Game Board approved the criteria in its meeting on 13th April 2015, which was then ratified by FAW Council on 29th April 2015 and updated on 17th December 2015.

Licensing requires that those clubs in membership of the Ardal Northern and Southern leagues meet specific standards. These standards are presented in the form of Criteria under four headings;

Sporting

Infrastructure

Personnel and Administration

Legal

The Criteria are transparent and consistent with UEFA standards where necessary, and a great deal of care and attention has been given to drafting these regulations. The focus on the above areas is to establish a set of quality standards for the Ardal Leagues that are attainable for all current clubs and for those aspiring to join the leagues. It also provides those wishing to be promoted to the Cymru North or Cymru South, a platform for meeting the Tier 2 Criteria.

Licensing will have all the characteristics of a quality management system. The FAW's management of the system will be coherent with UEFA Licensing, which is annually subject to third party scrutiny by UEFA and assessed by two independent bodies (First Instance Body and Appeals Body), in order to guarantee the transparency and integrity of the system.

1.2 Benefits of Men's Tier 3 Club Licensing Regulations

The FAW sets the standards for the Men's Tier 3 Club Licensing Regulations. By meeting these standards, football as a whole is acknowledging its responsibility to the community at large. Licensing is a transparent process that enables Licence Applicants to demonstrate to all their stakeholders that they meet quality standards.

Licensing will help to establish benchmarking information. Licence Applicants will be able to use this information to establish their position and to plan future quality improvement.

FAW resources will be focused on assisting Licence Applicants demonstrating a desire to improve and work in partnership with each other for the benefit of the football community in Wales. Football will benefit from the adoption of quality management practices by the FAW.

These Regulations were adopted by the Football Association of Wales on the 7th September 2026 and come into for the 2027/2028 season.

2. Procedure

2.1 The Management of the System

The Men's Tier 3 Club Licensing Regulations will be managed by the FAW for Licence Applicants to Tier 3. The system will comprise of audits conducted by the FAW and assessment by the Decision-Making Bodies.

In order to demonstrate that it meets the Criteria, an inspection of the stadium will take place and the Licence Applicant Must upload all necessary supporting documents using the FAW Club Licensing systems and procedures as set by the Association from time to time.

Applications will be considered by the Decision-Making Bodies, in accordance with these Regulations and the Core Process.

If current Ardal North or Ardal South clubs are upgrading their current infrastructure after 6th May 2027, then developments can be permitted, provided the club can provide quotes, planning permission approval (if required) and evidence of the necessary finance, in order to complete the required upgrades by a date which is to be agreed at the sole discretion of the Decision-Making Bodies and confirmed by FAW Club Licensing Staff that the developments meet the Minimum Criteria.

In considering a non-Ardal League club's licence application, a non-Ardal League club can be permitted to make developments to their infrastructure criteria if they can evidence by 6th May 2027 deadline, that quotes, planning permission approval (if required) and the necessary finance is in place in order to complete the required updates by a date which is to be agreed at the sole discretion of the Decision-Making Bodies and signed off by FAW Club Licensing Staff that the developments meet the Minimum Criteria.

When applying for a Tier 3 Club Licence, required personnel may be permitted to attend mandatory courses after the 6th May 2027 deadline, provided the Licence Applicant can demonstrate that all course pre-requisites have been met, and their attendance has been confirmed by the awarding body. The final deadline for course completion must be approved by the Decision-Making Bodies in order for a Tier 3 Club Licence to be granted.

Those Licence Applicants that meet the Criteria will be issued a Tier 3 Club Licence. Those Licence Applicants that have not fulfilled the minimum 'A' Criteria will not be granted a Tier 3 Club Licence unless an extension has been granted by the First Instance Body (FIB) or Appeals Body (AB) to carry out any upgrades. Should any infrastructure developments or course qualification requirements not be completed by the date set by the respective Decision-Making Bodies, then the same Decision-Making Body will have the right to revoke the applicable Tier 3 Club Licence.

The deadline for submission of the list of licenced clubs is set by the FAW Board and must be strictly adhered to annually before the relevant League's Annual General Meeting.

2.2 Tier 3 Club Licence Refusal

A Tier 3 Club Licence is mandatory for participation at Tier 3.

If a Licence Applicant is refused a Tier 3 Club Licence by the First Instance Body, the following procedure will apply:

A Licence Applicant refused a Tier 3 Licence, must submit any appeal to the Club Licencing Manager within 10 days of being informed of the First Instance Body's decision. All appeals must be forwarded in writing for the attention of the Club Licencing Manager together with the appropriate appeal fee of £200. The Appeals Body is notified, and a meeting date agreed.

The Club Licencing Manager prepares a report and dispatches this to the Appeals Body.

The Appeals Body consider the Licence Applicant's appeal by 31st May each year. The date of the Appeals Body is set out in the Core Process. The decision is made whether to grant a Tier 3 Club Licence or not. If a Tier 3 Club Licence is granted, any area for future attention may be detailed. If a Tier 3 Club Licence is refused, areas to be addressed must be detailed and any relevant sanction applied.

The Club Licensing Manager submits the list of licensed applicants to the FAW Board, the Cymru North, Cymru South, Ardal Leagues and Area Associations of the FAW Pyramid before their respective Annual General Meetings.

2.3 Criteria Graduation

The Criteria described in these Men's Tier 3 Club Licensing Regulations are graded into three separate categories.

The different grades have been defined as follows:

'A' Criteria – Mandatory

If the Licence Applicant does not fulfil any 'A' criteria, then it cannot be granted with a Men's Tier 3 Club Licence unless the Decision-Making Bodies grant an exemption under 2.1 of these Regulations.

'B' Criteria – Expected

If the Licence Applicant does not fulfil any 'B' Criteria, then it may still receive a Men's Tier 3 Club Licence subject to the Applicant fulfilling the 'A' Criteria. However, repeated failure to meet these Criteria May result in sanctions as specified under 3.1 of these Regulations.

'C' Criteria – Recommended

If the Licence Applicant does fulfil any 'C' Criteria, then it may still receive a Men's Tier 3 Club Licence. These Criteria may become 'A' or 'B' Criteria in future licences or may be requirements for a Men's Tier 2 Club Licence; however, it is recommended that Licence Applicants have these Criteria in place to support the overall development of the club.

2.4 Development

Licensing is a progressive system designed to deliver continuous improvement. Improvements will be introduced as the system develops. The FAW Directors have the ultimate authority to review Criteria. They will consider feedback from the FAW National Leagues Board up to including 31st July 2025. From 1st August 2025 this will be replaced by the Professional Game Committee. The Directors may also seek further consultation from the League Management Committees, and the Ardal League clubs on the Criteria. The development process will incorporate reasonable timescales, and the Regulations will be reviewed on an annual basis.
